# INTRODUCING

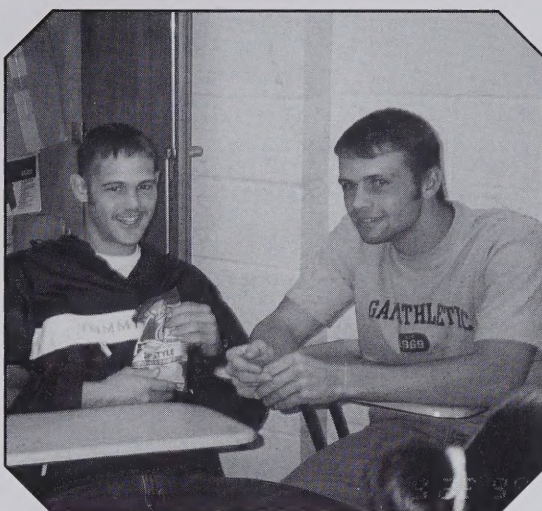

A great deal of work is involved in preparing a unique yearbook for an exceptional student body. This year we have tried many new things to produce a yearbook for everyone to enjoy and cherish. We hope that we have been able to capture the memorable moments of this year as well as who we truly are here at Hancock High School.

Our goal for the 2000 Hawk Yearbook is to tell our story. We are experiencing several changes as well as gaining many new opportunities. From the change of administration to the junior high's last year with us, we have watched our school evolve into a collective group of students with individual talents and interests. In our efforts to include every aspect of Hancock High we have incorporated many new ideas. To begin with, we increased the number of pages and added the STUDENT LIFE section. In this section, our intentions were to focus on student interest, emphasizing life for students beyond the classroom and exposing the fonder memories of high school life. Furthermore, our steady growth makes it impossible for one to know everyone; therefore, we added short captions for the pictures. In this, we also tried to add a little humor to go along with the spontaneous photographs.

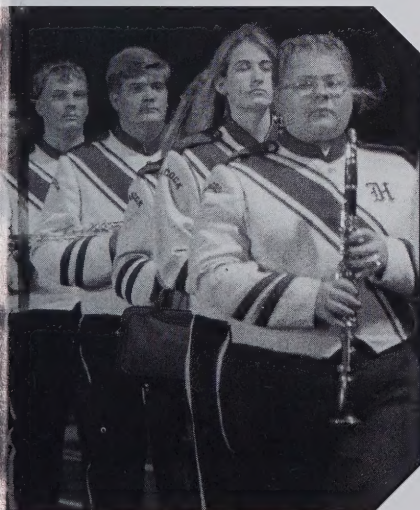

# THE HAWK YB2K

In our efforts to create a unique yearbook, we totally changed the appearance from any other yearbook we have had in the past. We redesigned the layout for the senior pages and added a few of their "favorite things" to go along with their personal quote and baby picture. Along with the senior changes, we incorporated "new students" to head the underclassmen sections. These characters were drawn by Annie Ladner in hopes of adding a touch of individuality and creativity to the 2000 yearbook. Also, we introduced each section with a title page for easy reference. Again, we repeated the section names at the bottom of each page for uncomplicated identification. With these new ideas, we hope that the 2000 Hawk Yearbook will be both a pleasure and enjoyment to view.

Along with all the changes that we made in the format, we also added new creative touches to the remainder of the annual. Who's Who photographs were taken at Stennis Space Center; and, we introduced new clubs and new sports, covering them both extensively. Including information from every aspect of Hancock High School is quite a task. Hopefully we have managed to cover all the memories that were made at HHS and you will enjoy this book for many years to come. —

# DEDICATION ...

It is very rare that you find a person who touches the lives of everyone he meets. Each year the yearbook staff searches for a person who has had the greatest impact on the lives of students. Fortunately, Hancock High School has been blessed with such a person; and this year's yearbook is dedicated to Mr. Tim Shaw with a lot of love behind it.

Although this individual has been a member of the Hawk faculty for only five years, he has in some way touched the lives of nearly every student he has encountered. But long before he was a faculty member, Mr. Shaw was a student of Hancock himself. Born in 1952, he attended Hancock North Central, "The Old School". There he served as his Senior Class President and was voted Class Favorite. He graduated Valedictorian of his class in 1970. (Mr. Shaw still owns his beloved Camaro that he got after graduation.) He attended Pearl River Community College for one year before going on to obtain a degree in Graphic Design at Mississippi State University. After graduation from MSU in 1974, Mr. Shaw moved to Houston, Texas, where he accepted a position as Art Director at a major audio/visual company. He and a friend eventually started their own business creating litigation graphics for courtroom use. While living in Houston, Mr. Shaw met his future wife, Mary (guess there was just *Something About Mary*). During his twenty years in Texas, he also played bass guitar for several different popular Texas blues/rock bands and developed a love for Harley-Davidson motorcycles. In 1994, Mary received a job offer from a Gulfport law firm, so they loaded up the truck and moved back home. Mr. Shaw went back to college, got his teaching certificate, and began his teaching career at Hancock High School.

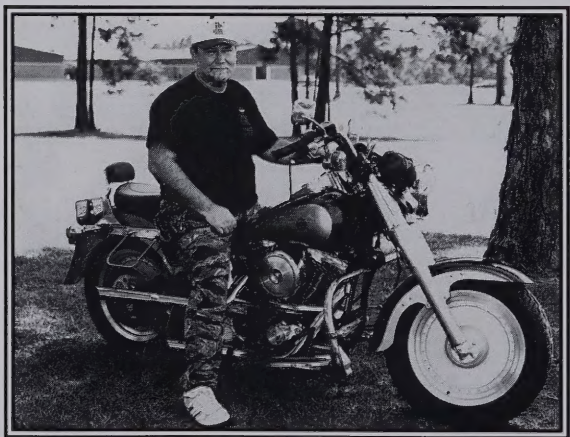

Within his time here, Mr. Shaw has contributed much to our school. To encourage students to enjoy school, he organizes the Talent Show, Spring Fest, Fall Fest, and the Senior Slide Show. He also works with the athletic department, videos every high school football game, and creates the course selection sheets for class schedules. Using his artistic talents, Mr. Shaw is responsible for most of the campus graphics, mainly the basketball court and walls, the football field for home games, and the baseball wall. To add to his list of creative projects, Mr. Shaw offers his assistance to the junior class by designing and painting the backdrops for homecoming and prom. He has also assisted Mu Alpha Alpha in winning two consecutive First Place Scrapbook Awards in statewide competition. In recognition of his hard work, he was awarded *Teacher of the Year* his first year teaching at HHS. Throughout his past teaching years, he has accomplished many great things. On the top of the list, Mr. Shaw's proudest achievement is his yearbook class. Each year, he hand-picks the students he feels will produce the best

possible yearbook. Because of Mr. Shaw, memories at HHS will be more vivid for graduating seniors.

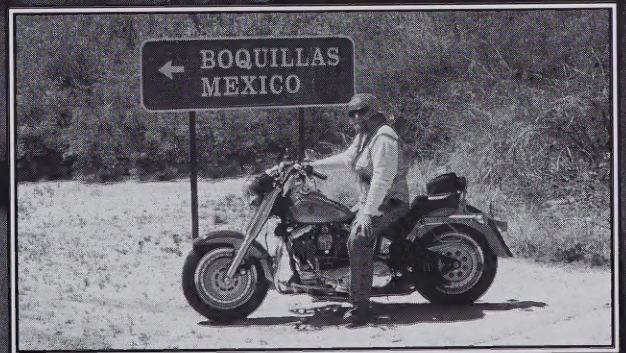

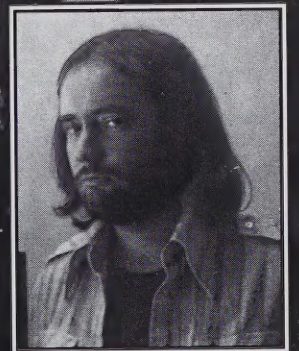

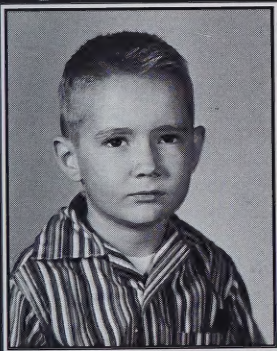

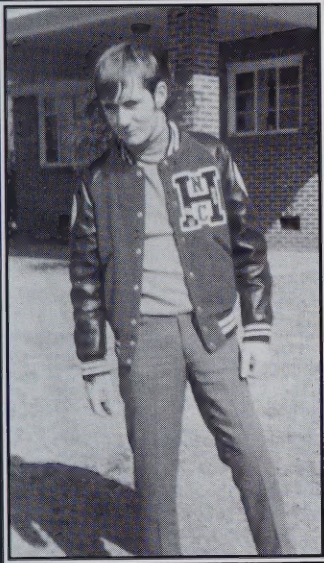

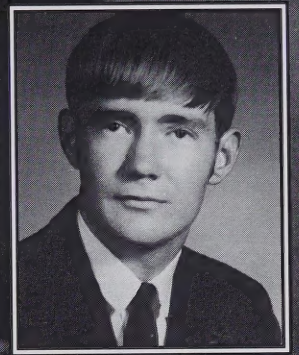

Being the Co-Editors of the 2000 Yearbook and former students of Mr. Shaw, we can plainly state that school is a better place because of Tim Shaw. He is not just our Yearbook Sponsor, Teacher, and Close Friend, but he is a second father to us and we are the children he never had.

This one's for you, Poppa Shaw!

# Star Student & Teacher

## Annie Ladner & Mr. Lloyd Wilson

**ANNIE LADNER** received the 2000 Star Student Award by scoring **31** on the ACT, this years highest score. She then named Mr. Lloyd Wilson as the teacher who has influenced her the most. According to Annie: "Mr. Wilson has been my teacher since Junior High. His classes were never easy and there were days I would rather be somewhere else, but in the end, I always learned something. Mr. Wilson's enthusiasm for what he teaches is **sometimes** infectious and I even find myself enjoying *Heart of Darkness*."

#### CLUBS & ORGANIZATIONS—

Beta Club, National Honor Society, National Art Honor Society, HHS Band, Band Council, French National Honor Society, and Yearbook.

AWARDS: Hancock County Exchange Club "Student of the Month", Mississippi University for Women "University Scholarship", Most Outstanding Woodwind Award '99, English IV Accelerated.

"One of the privileges of teaching is having the opportunity not only to witness but also to participate in the evolution of the personality of one's students. Because of the nature of my teaching assignment, it has been possible for me to work with a number of students from the time of their entrance into junior high school through their graduation from high school. My observation is that for many outstanding students the progression through secondary school is a process of self-realization, a journey of becoming, a developing of gifts already evident. That has certainly been the case with Annie. When she entered the seventh grade Gifted Class, she exhibited the same characteristics of intelligence, insight, imagination, creativity, and wit – seasoned by a droll sense of humor – that she exhibited in AP English IV. It has been a pleasure to watch these gifts mature and to see the level of work she is capable of producing. It is, for me, a distinct honor to have been chosen Star Teacher by such a student."

# WORDS FROM THE WISE...

*There are many students at this school who deserve this award, and I am very proud to be one of the selected few. Throughout high school, there have been many people who have encouraged and helped me through hard times. This award is also for them- I hope I can live up to their expectations in the future.*

**- Daryl Acker**

*I feel my accomplishments, hard work, and dedication throughout my twelve years at Hancock have paid off. It is an honor to be recognized as a member of Hancock High School's Hall of Fame.*

**- Brandi D. Ladner**

*It is an honor to be selected for Hall of Fame. I feel like all of my hard work and dedication to so many activities is now recognized. I believe the Hall of Fame distinguishes those of us who can be a leader and participant in many time consuming activities yet still maintain a high academic performance.*

**- Kasey Ladner**

*I still remember the first time I saw the Hall of Fame pictures; I turned to my friend and said, "I hope to have my picture on that wall someday." To many this may not seem like much, but to me it is a great accomplishment.*

**- Keresa Ladner**

*Just being in the Hall of Fame speaks for itself! Some say that you should look up to superior people... that is why we are placed at the top of the wall.*

**- Tiffany Lee**

*Hall of Fame is an extra honor earned by myself and my peers for all of the work and goals we've accomplished throughout high school.*

**- Justina Merwin**

*Being in the Hall of Fame shows me that if you work hard and never give up you will eventually be rewarded and recognized.*

**- Jon Munsch**

*It makes all the hard work seem worth it.*

**- Natasha Necaie**

*The Hall of Fame represents the epitome of all the hard work, dedication, and sacrifices I have made. The Hall of Fame is reserved for the best of the senior class, and I am honored and humbled to be among those students.*

**- Les Sackett**

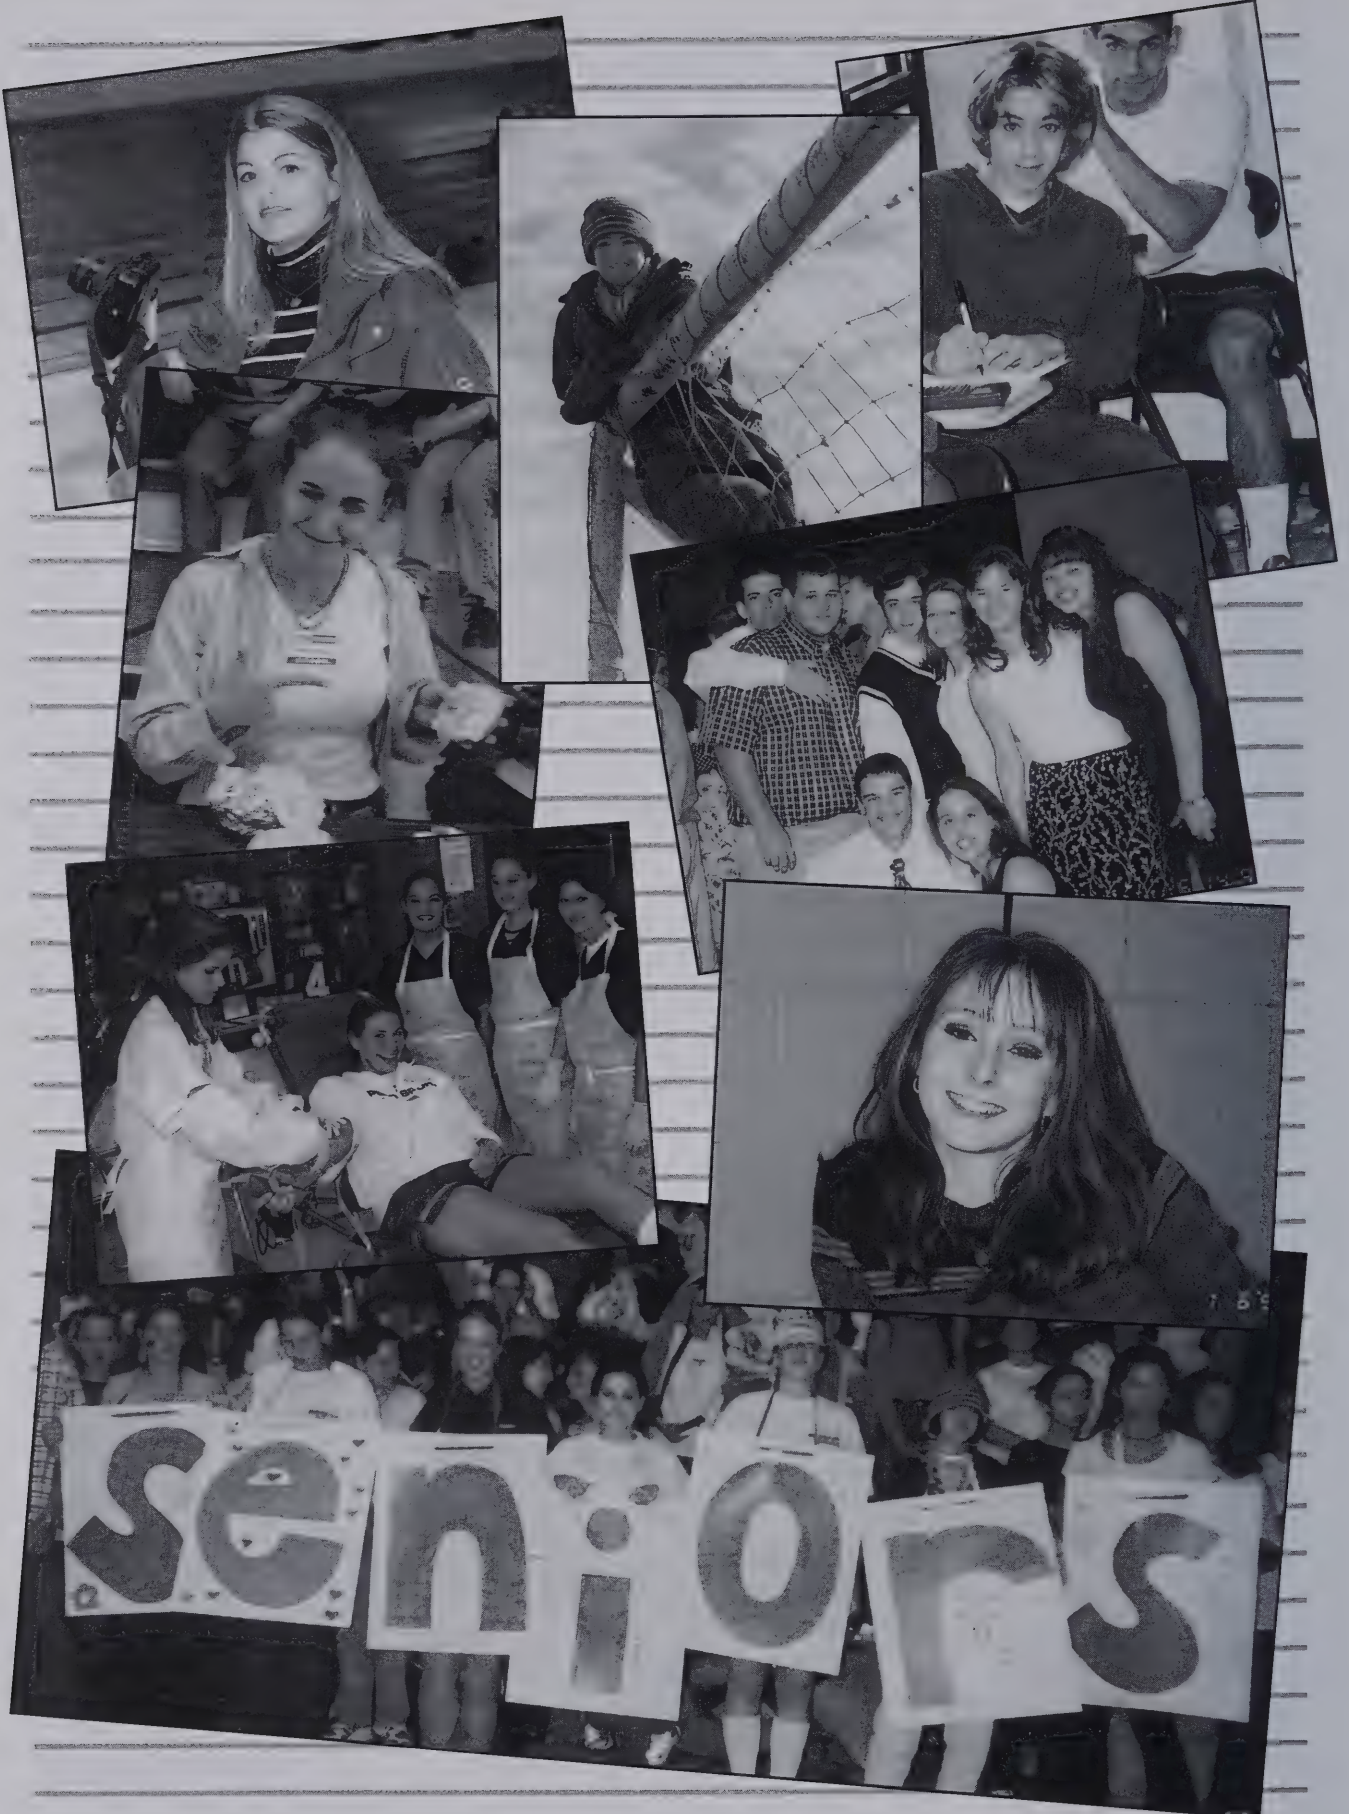

*I would never have expected this in a million years. This makes my senior year a truly memorable one.*

**As our senior year comes to an end,** we can now reflect upon all the good and bad we've encountered. The good times always followed the bad and made us grow stronger and closer. Now, as we say our goodbyes and turn to walk our own way, the past becomes present and each memory relives itself. Whether it was camping at McCleod, attending concerts, field trips, the movies, boyfriends, girlfriends, crushes, and breakups, or even just chillin' at someone's house, **it all seems as if we were sitting here watching a movie in which we were the stars.** Now the movie has ended and the credits are playing. Some of us give credit to God for giving us the strength and love needed to make it this far in life. Some give credit to our parents, guardians, sisters, and brothers, for standing by us through thick and thin over the past years. But each of us can agree that **credit is due to our friends** as well. They were the ones we've grown with as well as hurt with. Friends are the ones who actually were there holding us up and believing in us no matter what – the ones we confide in and at times, the only ones who understood exactly what something meant. They are also the ones we argued with, but at those times is when our friendships grew, and as a result, became stronger. Through elementary, junior high, and high school, we have all changed. Some more than others, but through it all we are still the same eternal friends. Whether we are best friends or just acquaintances, the class of 2000 has a special bond that will last forever. May God bless you always and forever!

# A Tally Student Services Visit

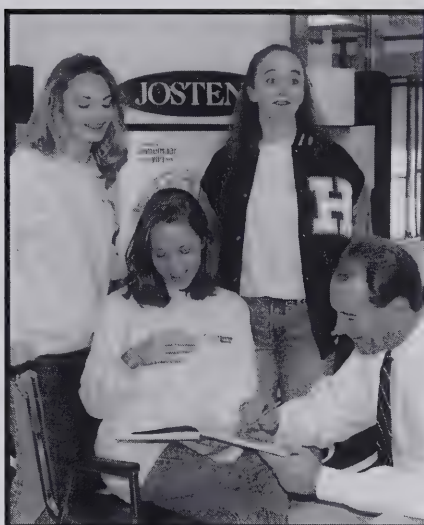

If you haven't met with one of the Tally family, then you are not yet ready to be a Senior. Phil, Ken, and Joe from Tally Student Services drop by HHS for regular visits to provide Seniors with class rings and graduation necessities such as diplomas, caps & gowns and announcements from the Josten's Company. What you may not know, is that Phil Tally is also our yearbook representative from the Walsworth Publishing Company (and a wonderful rep he is). Tally Student Services was started by Joe Tally (Phil and Ken's father) in 1980 in Forest, MS. They work with 75 to 100 different schools all over Mississippi each year, but they especially like to visit schools like HHS that have lots of pride and spirit. Tally Student Services is looking forward to the new millennium and expanding the different kinds of services they offer high school seniors across the state. If you haven't met the Tallys yet, don't worry—you will soon.

*-Amber Brignac*

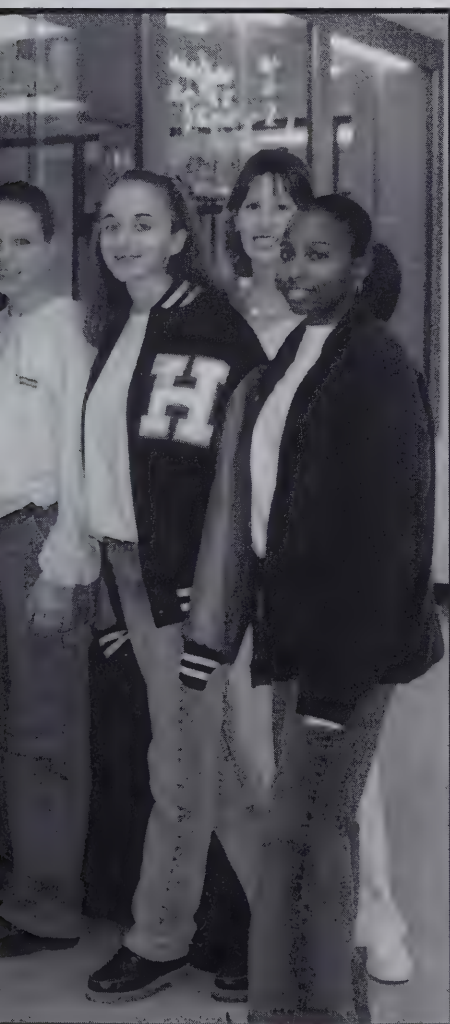

*Left, Phil Tally shows the latest in graduation gowns to Seniors Ryan Strief, Andrea Joraanstad and Casey Hoda; below, from left, Casey Hoda, Andrea Joraanstad, Amber Brignac, Ryan Strief, Maureen Hennessey, Phil Tally, Tiffany Lee, Amanda Cuevas, Jeanne LeBlanc, Christi Klein, and Candice Acker pose for a group shot; upper right, Phil meets with members of the 2000 Hawk Staff, Maureen Hennessey, Tiffany Lee, and Jeanne LeBlanc; lower right, Casey Hoda is measured for his graduation cap; bottom right, Christi Klein lends a hand as Phil checks for ring sizing.*

**If you find yourself being measured for a class ring or a cap & gown by Phil Tally, then you just might be a Senior (or soon be a Senior).**

## 50 Seniors

# ADMIN / FACULTY

## The new millennium is here,

and we are seeing many exciting changes in the Hancock County School District. Fortunately, the Y2K bug wasn't really a threat after all. We are nearing the end of a \$20 million effort toward the construction of a new elementary school and a new middle school as well as renovations of existing facilities. In addition, Hancock High is in its second of the NETSchool project, with each student using a StudyPro laptop computer. Hancock County is rapidly growing, and we may yet have to build another school in the not-so-distant future.

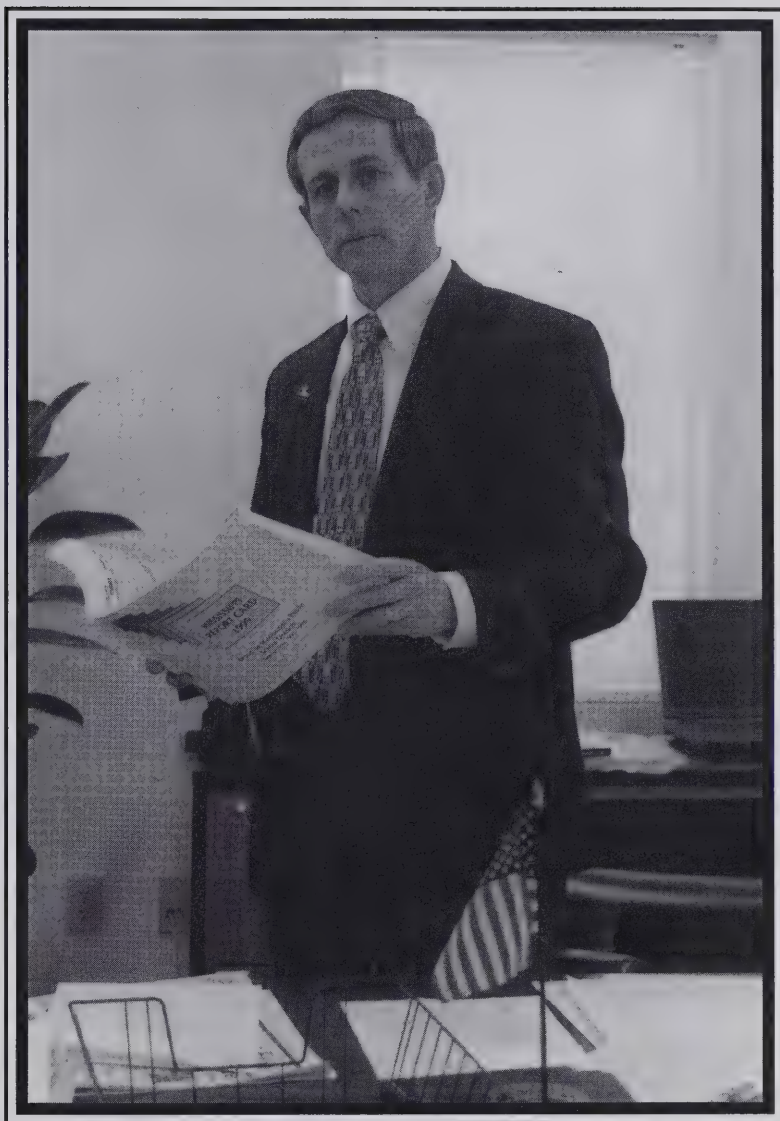

Many challenges lie ahead, and we must be prepared to meet them head-on. It is my sincere hope that our faculty and staff will

rise to the occasion and seek to prepare our children for a brighter tomorrow. I would like to take this opportunity to congratulate our seniors and bid you a fond farewell. I hope your experience at Hancock County School District to work hard in your studies and read, read, read, so that someday you may enjoy the fruits of your tireless labor.

I personally feel very fortunate to have the opportunity to serve you. The responsibility for your success lies squarely upon my shoulders. This, I take very seriously and will work diligently on your behalf. I am proud of each and every one of you and wish you much success. **Always remember the red, white, and blue and "Hawk Pride".**

Sincerely,

Mike Ladner, Superintendent of Education

**In any person's life,** his/her high school years are always remembered. As an underclassman, we get to experience the joys of being a senior without the pressures of actually being one. We do not have to worry about applying to colleges or trying to focus on what we want our major to be. Most of us leave those worries to be dealt with during our senior year. Others, however, begin our worries sooner, trying to take as many classes as we can so that our days during Senior Year will be shorter. The most important lesson to remember is that as one gets older things change. There will never be another year quite like this or at all like the next. **Make the coming years memorable ones. There will never be another time like it.**

# Hacky Sack- Our Next Team Sport?

Talk about dedication- these guys have no uniforms, no coach, no designated place to practice, and haul all their equipment around campus all day, wherever they go. Yet these athletes get together every day in the commons during their lunch period and do their Hacky Sack thing, seriously. And after having watched them for a whole semester, Mr. Ricky Reed and I still haven't got a clue as to what's going on with this game. - T. Shaw

# THE HUMAN ELEMENT

# Up, Up, and Away...

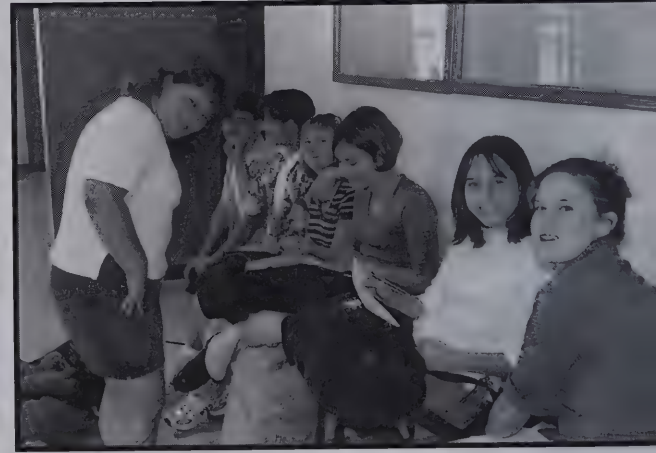

Coach Andy Perniciaro's Aerospace Class has found a useful application for all that hot air created during those pep talks in the locker room. Each three-person team built a colorful balloon in the classroom then hauled it all outside to the baseball field. There they used a butane tank to inflate the balloons to lift-off. Some of the balloons were found miles away from the launch pad.

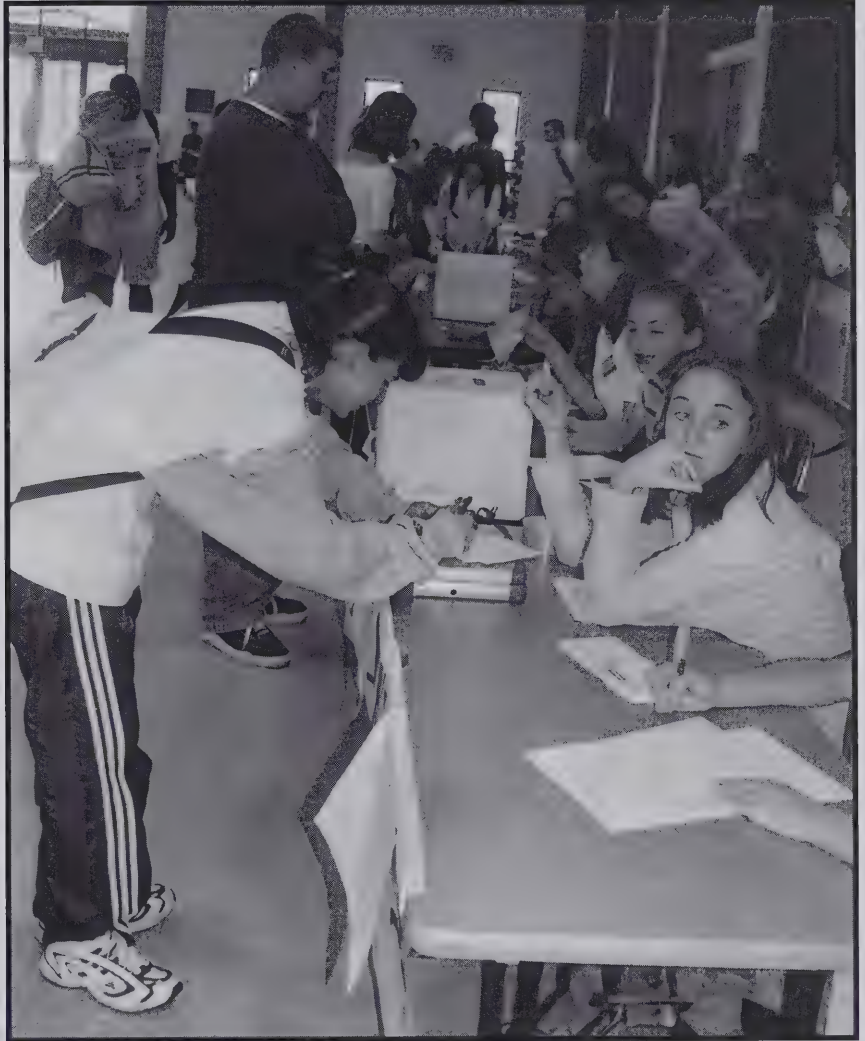

# Please Mark Your Ballots for

The People's Choice Election (formerly known as the Who's Who Election) is held each fall to recognize individuals in each class who most portray certain characteristics. The election is organized and sponsored by the Yearbook Staff which first creates a ballot for nominations. Next, a run-off election is held, ballots are counted, announcements are made, and we're off to take photos at Stennis Space Center. Sounds really simple and easy, huh? Well, it's not.

# the People's Choice Awards

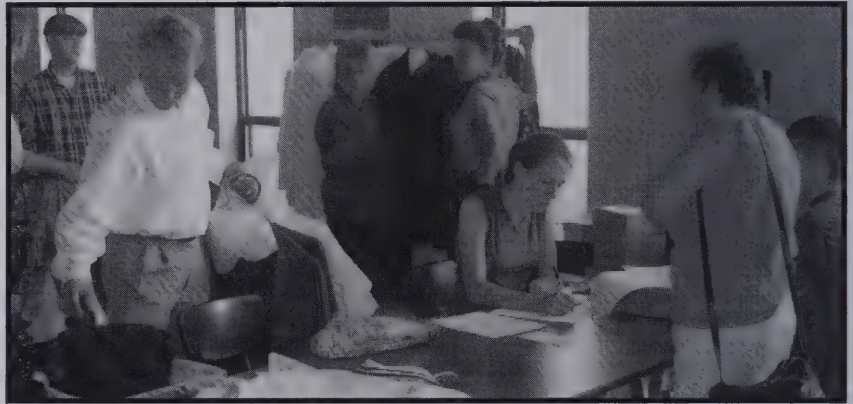

**The HHS People's Choice election isn't exactly the perfect working model of the American election process, but its as close as we can get.**

# Final Call For Senior Portraits

August 14 was the last chance for the Class of 2000 to have their senior portraits shot. Matter of fact, it was their last portrait to ever take as a student at HHS. After signing in at the entrance to the commons, each senior had a series of portraits shot at various stations set up by Bruckner's Photographers. These included formal, cap & gown, and several different casual poses inside the commons and outside under the trees. In order to get their best shot, the photographers took special care to make each person feel comfortable and at ease. Some seniors had missed the two previous dates while others just wanted another opportunity to look good. It was an exciting day for the seniors and in the end everything turned out picture-perfect.

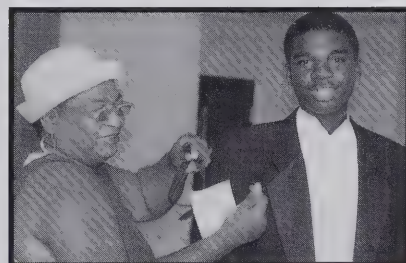

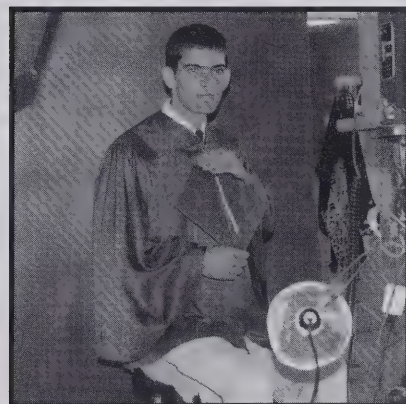

*Everyone signs-in first with the yearbook staff (above); Brandi Ladner gets some last minute touch-ups (right); Clay Shaw straightens-out (below); and Robert Sams watches as Mikel Johnson ties one on (bottom left).*

*Neil Allen gets disciplined for his picture (above left); Jessica Parker lends a hand with Shannon Zulli (above right); Jacklyn Daigle's mommy helps her primp (left); Nick Williams tries to force a smile (right); Ann Bruckner uses some hands-on with Timothy Forrest (below left); and George Jones still has to have his mommy help him dress (below right).*

**Taking senior portraits is a special event because it sparks that long awaited feeling that says "I'm finally a Senior".**

# Smile... It Could Be Worse!

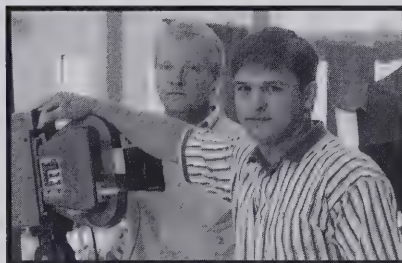

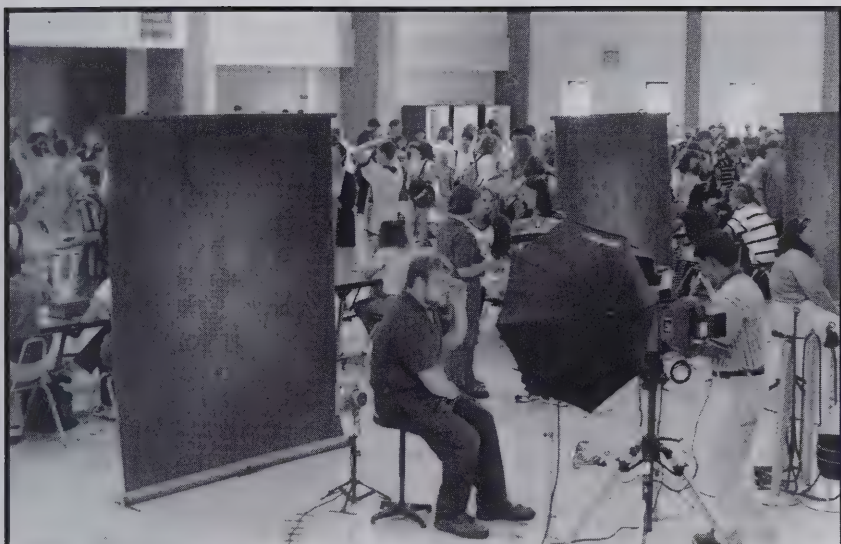

Taking school-day pictures is an annual chaotic event at every school, and August 18, at HHS was no exception. With bullhorn and whips in hand, the Yearbook Staff summoned all the students to the commons grade by grade. There, they lined up and checked in before proceeding to one of five Bruckner's camera stations to have their images recorded for posterity.

*— Kristal Zahniser*

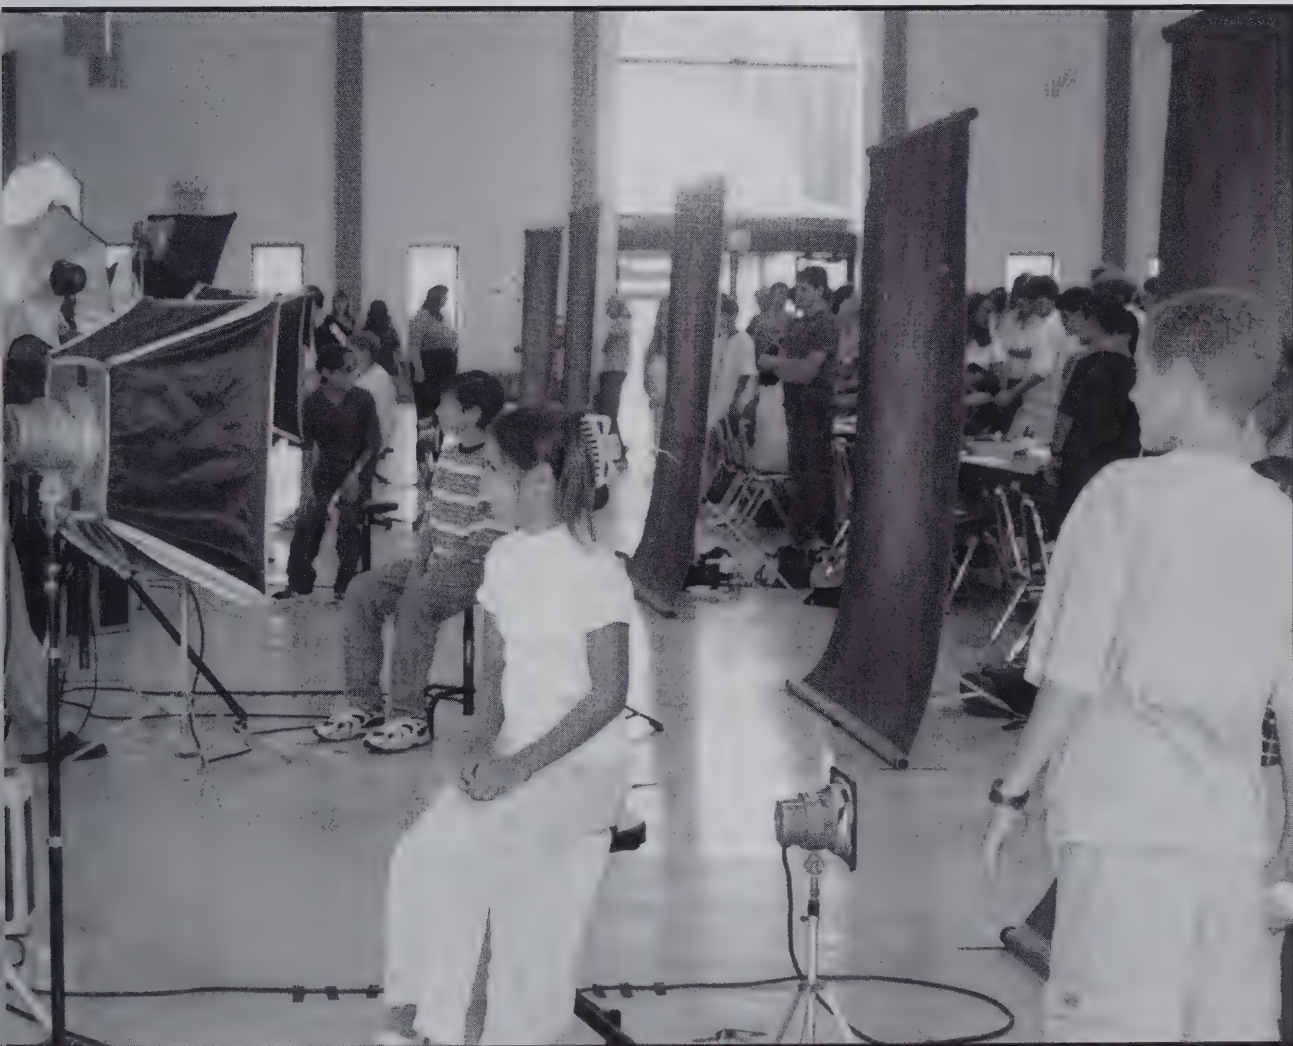

**Bruckner's has shot  
HHS portraits for  
the past four years.  
They shoot for 250  
different schools  
each year, averaging  
about 108,000  
portraits annually.**

*Clockwise, from above: Look at the camera, Mr. Purvis; Bruckner's photographers relax between shots; Ann Bruckner takes a shot from camera five; Opposite page, from bottom: O.K. get back to class, guys; Seventh graders line-up for their turn. Yearbook Staffers help Brittany Peterson get ready for pictures.*

# Left... Left... Left, Right, Left... Left.

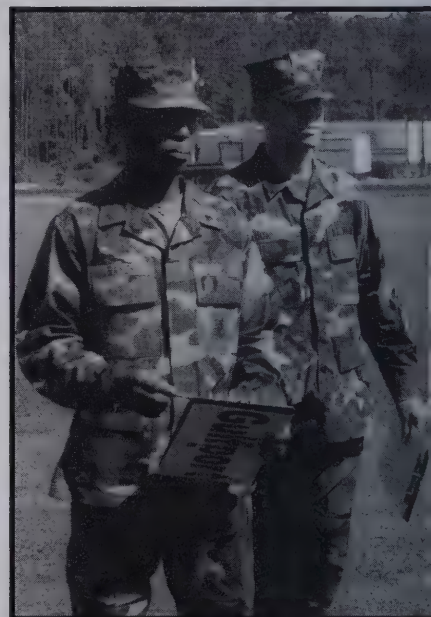

The Hancock High School JROTC "Hawk" Battalion conducted its 6th annual drill meet on October 23, at the HHS football field. The HHS JROTC conducts these drill meets to identify the best drill teams on the Gulf Coast.

Competitions include physical fitness, color guard, regulatoin drill armed and unarmed, and exhibition drill armed and unarmed. Fourteen schools participated in this event, including teams from the Mississippi Gulf Coast, Louisiana, and Alabama. All cadets of the Hancock battalion were responsible for the organization and coordination of the meet. This drill meet was a huge success thanks to the dedicated cadets and faculty of HHS.

**During the 1999 fall semester, Hancock JROTC won First Place at drill meets at Kemper County and at Ocean Springs H.S.**

# Hancock Hardwood Club Golf Tourne

## The Second Annual Hardwood Club Golf

**Tournament** was held again this fall at **The Oaks** near Pass Christian. Last year's fund raiser tourney was such a great success, it just had to happen again. Lunch and dinner were served to the golfers at the club house and refreshments were distributed on the course. Again, thanks goes out to **Mr. Joel Gann**, project director at the Oaks, for the use of the course, carts and staff.

# Tees Off Again At Oaks in the Pass

**This tournament isn't just a fundraiser, it's also a FUNraiser that everybody looks forward to each year.**

# SADD Blood Drive - Some Students

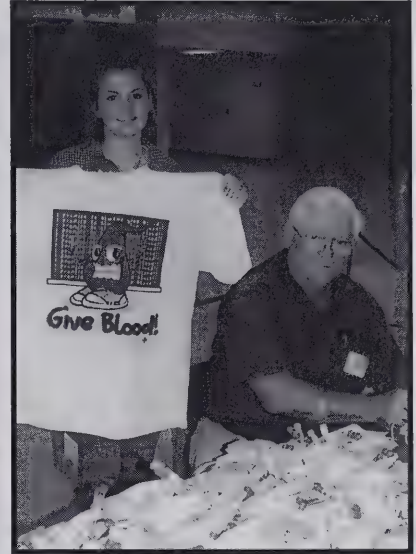

The first blood drive of the 1999-2000 school year was held in the Commons on November 1, 1999. Many SADD members and Health Occupation II students enjoyed the experience of working side by side with the staff of the American Red Cross during the blood drive. The student volunteers signed in and watched-over the donors, transported the blood bags, and gave out refreshments. We don't know if students give blood out of generosity, or to get the t-shirt and goodies or just to get out of class. If it's the later reason, then that's the most painstaking way we know to get out of English, GTA, or Chemistry!!!

*By Courtney Lepine*

# Will Do Anything To Get Out of Class!

**Twenty-five students volunteered to help the Red Cross collect 75 units of blood from HHS student donors.**

# On Thursdays, Lunch Is Mmm, Mmm

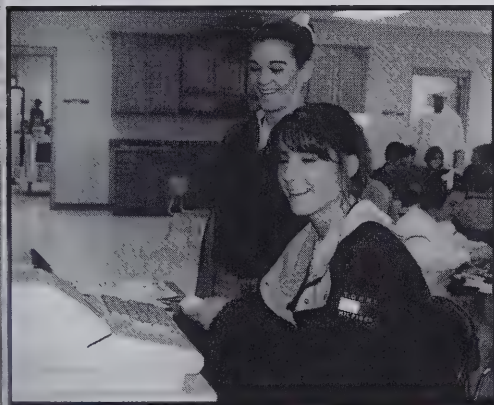

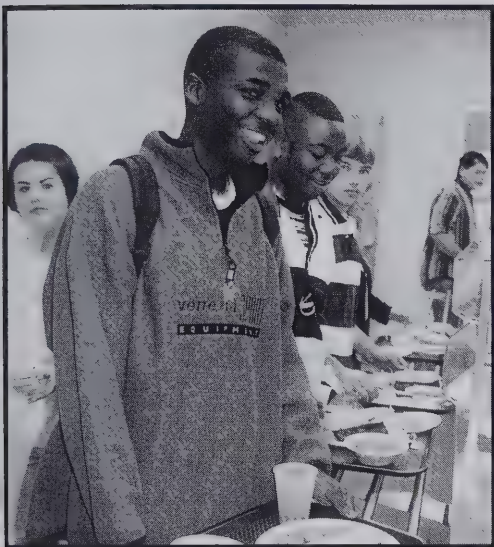

For the past three years HHS students have been able to get a taste of good home cookin' at the Hungry Hawk Cafe. The Food Services Department teaches students culinary arts and restaurant management. The First-year students help prepare and serve the food, the second-year students design menus, make purchase orders and help out with the cooking. The Cafe opens every Thursday to all teachers and students. About 150 customers are served each Thursday. Ms. Ballard's patience and hard work help students decide if their future is in the culinary field. The whole class agrees that the Hungry Hawk Cafe is a unique and valuable experience.

# SCHOOLS

# MIDDLE

**Hancock Middle School has been a vision** by many in

the Hancock County School District for a number of years. The facility was designed to accomodate the needs of the adolescent child students ages 12-14. Safety of students was carefully considered as the new facility was

constructed. The new school will house approximately 1,200 sixth, seventh, and eighth grade students at the school's capacity. The school contains three pods which create schools within schools to help each grade level accomplish a special identity.

The project began with our School Board visiting middle schools in the region. Simultaneously, the staff and administrators at Hancock Middle School began a graduate course to study how to successfully transition from a junior high school setting to a true middle school setting. Faculty and staff have been trained along the way by attending in-house as well as nationwide training in aspects of middle level education.

Features of our new middle school will include (1) a teamed configuration of teachers instead of the traditional departmentalization of teachers, (2) a successful homebase program which strives to promote good health and gives students the opportunity to grow in character education skills, (3) integrated curriculum and thematic teaching, (4) an exploratory program which allows children to tap into their source of unknown skills, and (5) a school that addresses the whole child through its efforts at being child centered.

The faculty and staff at Hancock Middle School eagerly awaits the entry into a new era of education for the Hancock County School District. We do believe that all children can learn and will strive to meet this goal for the adolescent students of Hancock County.

## Ramona Renee'

If you had a flower for  
everyone who loved you:  
you could walk in a  
garden forever.

For You, My Child,  
as You Go Out into  
the World

Take your bright intelligence, your boundless energy, your brave spirit, your creativity, and your vast imagination. Pack all the beautiful things that make you the individual I love so much.

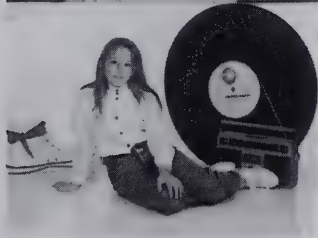

The people you meet in your new world and the things you see may challenge your faith, the things you believe, and the way you were taught. But if you stay true to yourself, you will meet these challenges. You will feel proud and free, and be happy, healthy, and successful.

On your journey, use your bright mind to fight wrong and dangerous ideas. Use your energy to get involved in whatever is positive and healthy. Defend your ideals. Use your creativity. See yourself doing great things, then use your imagination to help you plan how to make those dreams come true.

Take along your sunny smile, your relaxed and happy laughter, and the attitude that you are a beautiful person with the power to be true to yourself.

Through the years, we've watched you grow,  
And now there are some things you need to know.

Look around when Graduation Day is here.  
You will not be the only one trembling with fear.

Have faith in yourself and you will go far.

Mama and Daddy may even buy you a new car.

Friends and family with hugs, and tears all asking:

"So what are your plans for the **NEXT** eighteen years??"

you should follow, but we know

As your tomorrows open themselves to you, never forget how proud we are of you!

# TIFF,

You have come out of a time mingled with problems, wiser, happier, and so much smarter. We are so proud of the way you have handled yourself and the way you thought out the proper solutions and the strength you used in following through. What makes people succeed is the fact that they have confidence in themselves and a very strong sense of purpose. They never consider the idea of failing. They try their hardest for perfection and work extremely hard towards their goals. They know their weaknesses and their strong points. They can accept and benefit from criticism. They know when to defend what they are doing. You are one of the rare persons with all these qualities. It is so exciting to watch you on your path to success as you follow your dreams and make them a reality. You are a shining example for everyone. You can never imagine how happy this makes us. You are a wonderful person and a beautiful daughter. Congratulations on your twelve years of hard work and determination!!

## CONGRATULATIONS CLASS OF 2000!

To live a successful life does not require money, fame, power, prestige, or status symbols...

It's more matter of being true to God and His principles, doing your best, even in the smallest of things, and never taking for granted the simple joys in life— such as laughter, a perfect day, a loyal friend or God's love.

For all the money in the world can't buy self-esteem, character, contentment, love, or happiness—and these are the very things that make life worth living.

Rest in the assurance God will never let you go, and follow where His gentle hand may lead, for He's promised to provide for you in facing every challenge and supply you strength to meet your every need.

**When something great happens in life** everyone wants a piece of the action or to take credit in some way. This year's staff feels as though we have made a huge impact with the creation of the 2000 Hawk Yearbook. It is truly something special and we are proud to take credit for the enjoyment it will give everyone; however, we could not have done this alone. In addition to the dedicated staff members that sacrificed greatly, it took the help of several other people to complete this task. First of all, many thanks and bunches of gratitude goes to Mr. Shaw, the backbone and captain of this organization. Since Mr. Shaw has become Adviser, the past three yearbooks and this one in particular have improved greatly. We would also like to thank Ms. Wicktom and the guidance center for constantly assisting us with our needs, the administration for giving us the freedom to get done what needed to be done, and most of the faculty for being patient with us when we interrupted their classes to do business. Because of everything the yearbook staff can do and is allowed to do, we have created something that is extraordinary. The fact that so much of our school is included in this yearbook does make it possible for everyone to be a part of this greatness. — *Tiffany Lee & Natasha Necaise*

### **TO THE 2000 HAWK YEARBOOK STAFF:**

We have become a very close knit little group knowing each individual very well and becoming a part of each other's lives. People who barely knew each other at the beginning of the year, became close friends. We've come to depend on each other not only for our yearbook chores but sometimes for emotional support in personal matters as well. In becoming such good friends we have had a load of fun together. From organizing the Who's Who elections and trip to Stennis Space Center, planning the Mid-South Wrestling Match, and selling ads and yearbooks, we have spent a great amount of time together. Also, holidays were fun – we will always have memories of the Kris Kringles, King Cakes, dress-ups for Homecoming Week, and special little gifts that were given here and there. Also, there were magical moments that occurred while filming the "Mello Yellow" commercial, developing prints in the darkroom, attending the hockey game, and especially during our road trip to Houston/Galveston, TX.

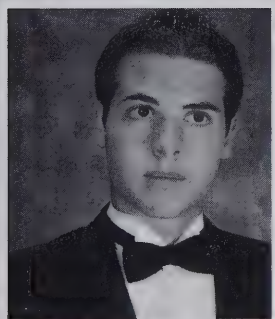

All these events have affected each and every one of us tremendously and will never ever be forgotten.
